Ob! spring, gentle spring, or anything in that line, but I patriots, she has other things in her history that are worth immensely more to her permanent reputation than even these.

It was on her soil that the battle, that turned the tide of the revolution of 1776, was fought and it was on her soil that the battle was fought that determined the result of the war of 1861. I frequently meet a man who contradiets this last statement. Last summer after I had made this assertion in a public speech an old soldier reminded me that ed with the spirit of "Old Nick" the greatest battle of the war was himself, and it seems they have fought in the Keystone State, but organized themselves in to a kind I insisted that the battle that in. of a "mischief band" for the prosured the triumph of the union motion of ill deeds, of evil intenti-
